WHAT'S NEW

Before contacting has even begun we have three new Gryphons for this semester. We wish to welcome Mike Gordon who is in Dravo C-1, Dave Hogberg who is in Dravo B-5 and Jon Krupnick who is in Drinker 1A. Other changes are Bill Bradbury into Drinker 3-A and Ed Thomson as Dravo Residence Officer. Let's make these fellows feel at home.

R.C.E.

EX-RESIDENT OFFICER DEPT.

We want to wish the best of luck to Mr. & Mrs. David A. Wismer who as most of you know were married last Saturday. Being married and graduating from undergraduate school at the same time is a sharp break from the relative "academic security" which most of us enjoy.

CONDOLENCE

The PRICKED EAR on behalf of the Gryphon Society expresses its deepest sympathies to the Brunt family over their recent loss of Mr. Ralph O. Brunt.

COUNSELING:

Your assistance is requested for some brief statistic-gathering concerning valentines given to and subjects failed by your freshmen last semester. Please complete this survey (see the end of this issue) by the time of your next house counselor's meeting. Dave Phelps will be collecting the material at the Drinker meeting, Pete Carleton at the Dravo meeting, and Dave Nichols at the Richards meeting. This survey can only be effective if we have complete returns. If you have any questions, see Dave Nichols.

SOPHOMORES AND OTHER GRYPHONS WHO NEED EXERCISE:

As you may or may not know, Gamma Sig is going to be well represented in the intramural wrestling this spring. Those of you who have not indicated interest as yet (many sophomores have) might benefit from this activity. Some Gryphons have already started practicing, so if you are interested in learning something about wrestling and supporting your intramural program at the same time, let Dick Hoffman or me know as soon as possible.

HEY YOU PARTY POOPERS!

The first party of the semester will take place on Saturday night, Feb. 13 from 9:00 till 1:00 in the R.H.C.L. Mike Jarvis is chairman, beer and soda will be served and the music is discaphied. Prof. and Mrs. John O. Liebig of the C.E. Dept. at Lehigh will be our chaperones.

R.C.E.

Those who would like a date from Muhlenberg College for this post-nothing party please let Dave Nichols know by ten o'clock tonight (Monday). This is on a first come, first serve basis. Dates may be available after Monday but don't count on it.

EXPOSURE

David P. Nichols (P. for Porter)

Born: Yes, on Armistice Day, 1940, in some town near Philadelphia.
College Preparation: Dave attended first grade in North Carolina (He still has the speech defect.) Then he returned to Philly for high school.

High School days: Asked what happened in high school, Dave replied: "Connie,...football, track, and stagecrew." In the eleventh grade Dave began attending h.s. dances. Then what hit the fan, Dave? Freshman year at Lehigh: Dave's decision to attend Lehigh was purely unpremeditated. His dad and two uncles graduated from the South Mountain fortress of high learning. (Ed. note - Whew!)

(After his first five days at L.U. Dave lost his dink.) Boy, aren't those upperclassmen mean to dinkless frosh? Dave then settled down to work; his books and his lonely roommate occupied most of his time. He did manage to take good care of his counselor, however.

After a productive year on the books, Dave's answer to the question; "There are girls at home, why not at Lehigh," changed radically.

He asked himself if the grass was greener on the other side (across the river). "By golly, it is. You can't tell what'll happen, right George?"

(Realizing his responsibilities at Lehigh, Dave went Gamma Sig, only to learn that it wasn't a fraternity after all. Oh, Well -.) Dave is majoring in EP, and after graduation will either go to graduate school, get married, or do some other such stupid thing. Dave's likes: "Ummm" (The m's are supposed to signify Muhlenburg)

Long Weekends

Asked if he likes men with (4.0 average), Dave replied, "Nuts!"

Grunt-Snave (?)

His dislikes: Houseparties in the middle of hour quizzes

Last semester's average

First day back at Lehigh after a vacation

Any room without plants or similar debris.

Favorite Song: "Oh, Marie"

Favorite Sport: Throwing Physics books against the wall.

Author's Comments: Dave will do well, if he ever learns to speak correctly and learns to appreciate the finer parts of our country. (Boston, of course.)
